SERVICES**

HORIZONS CARE CENTER

Skilled Nursing

At Horizons Care Center, building lasting relationships with people in our care is important to us. Our interdisciplinary team of licensed nurses, certified nursing assistants, rehabilitation therapists, social workers, caregivers and other professional staff collaborate together with you and your physician to maximize your health.

Our trained team is dedicated to the emotional, physical and spiritual well-being of each person in our care.

We strive to offer home-like surroundings for our residents, families and staff. Our welcoming entrance and lobby feels like a mountain lodge or cabin reflecting the rural and mountain areas surrounding the campus. Residents are encouraged to decorate their living spaces as they would in their original homes.
