- Fall prevention strategies, education and strength training
- Pain management education and treatment
- Ultrasound to reduce pain and improve function
- Home exercise program to improve balance, endurance and gait
- Education on bed mobility, safe transfers and safety on stairs
- How to safely use an assistive device such as a cane or walker
- Caregiver training

Occupational Therapy (OT, COTA)

- Home safety evaluation to assess fall risk and safety recommendations
- Strategies to safely perform activities such as bathing, dressing, grooming and housekeeping
- Energy conservation techniques
- Cognitive training
- Lymphedema management
- Caregiver training

Speech Therapy (ST)

- Assessment and treatment of cognitive, language, communication and swallowing disorders
- Education including oral motor and breathing exercises, safe swallow strategies and compensatory strategies.
- Caregiver training

Home Health Aide (HHA)

- Assistance with personal cares including bathing, dressing, grooming and oral care
- Light housekeeping
- Light meal preparation
- Medication reminders
- Standby assistance when transferring and walking
- Standby assistance with the physical therapy home exercise program

Frequently Asked Questions

If I have Medicare, how much do I pay?

If your healthcare provider orders home care services and you meet the Medicare requirements, Medicare pays 100%. It may vary for those on a supplemental plan. We recommend you contact your insurance provider for more information.

How long will Medicare allow me to receive services in my home?

Services can continue as long as you meet Medicare guidelines.

I have a case worker at the county and receive a waiver, can you help me with medications and other care?

Yes, we will work with your county worker on your care needs.

What if I have other questions?

Please call our office at 507.322.5740 and we will be happy to talk with you.
