

Testimonials

"This is the first and only community I toured. It's a great community, residents become your family here. It's full of very friendly people, and I like having super friendly neighbors that live right next door."

Independent Living Resident

Peggy

"I would recommend our community to others. I worked for VOA for eight years. The staff always takes time to be helpful and always listens when I need something. I love socializing with friends, and meals in the dining room."

Assisted Living Resident

Marie

"My wife is in long-term care at Anoka Rehab & Living Center. I like living here because I am close to my wife again. All of the staff is friendly, and my housekeeper does a great job! I would recommend The Homestead at Anoka to anyone."

Assisted Living

Floor plans to meet your needs

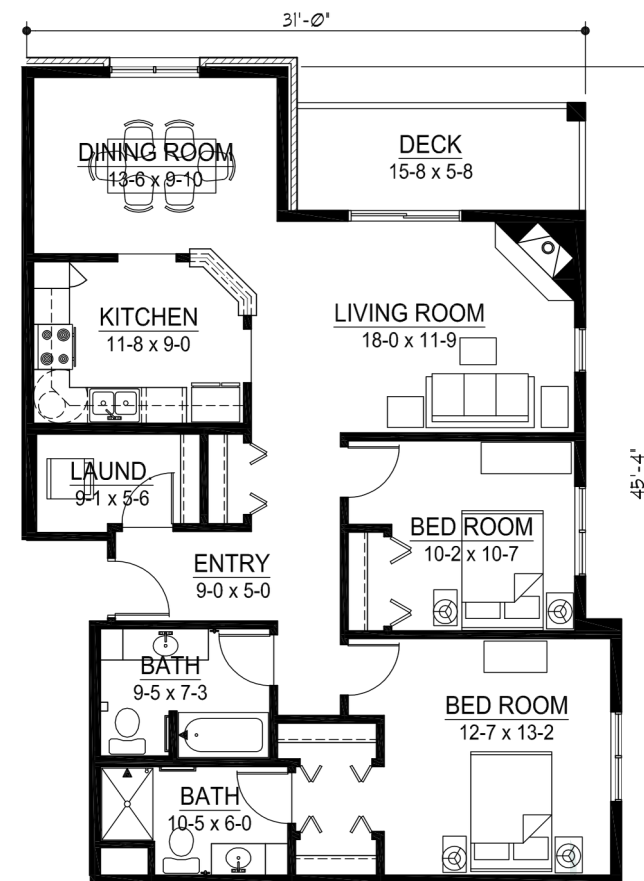

Our assisted living is perfect for those who enjoy the comfort of their own private apartment, but appreciate a little extra support when needed. Each resident will receive personalized care designed around their unique needs and preferences. Our community offers engaging activities, special events, and daily moments of connection—creating a warm, uplifting place to live life fully.
