

Testimonials

"This is the first and only community I toured. It's a great community, residents become your family here. It's full of very friendly people, and I like having super friendly neighbors that live right next door."

Independent Living Resident

Peggy

"I would recommend our community to others. I worked for VOA for eight years. The staff always takes time to be helpful and always listens when I need something. I love socializing with friends, and meals in the dining room."

Assisted Living Resident

Marie

"My wife is in long-term care at Anoka Rehab & Living Center. I like living here because I am close to my wife again. All of the staff is friendly, and my housekeeper does a great job! I would recommend The Homestead at Anoka to anyone."
