

Why Choose Us

Volunteers of America is more than a nonprofit organization. We are also a ministry of service. Volunteers of America helps more than 2 and a half million people in 46 states with nearly 16,000 professional employees dedicated to helping those in need rebuild their lives and reach their full potential.

Since 1896, we have supported and empowered America's most vulnerable groups providing meals, housing and comprehensive health services and programs.

Our work touches the mind, body, heart and spirit of those we serve, integrating our deep Christian faith roots of compassion with person centered care. We excel at meeting immediate needs, but are able to transform lives through our belief in, and reliance on grace.

COMFORTABLE COMMUNITY LIVING

It's your life.
We're here to help you live it.

THE HOMESTEAD AT MONTROSE

Assisted Living Community

Providing a community where all are supported and appreciated is important to us. We strive to help make your new home a personalized space where you feel safe and comfortable. Maximizing daily healthy routines and creating an atmosphere of independence is at the top of our mind for every resident in our care.

Our nursing staff is dedicated to assisting each assisted living resident with their personally created care plan. The life enrichment team focuses on exploring the physical, emotional, social and spiritual well-being aspects of daily life. And our dietary department places their attention towards serving nutritious and tasty meals.

Home-like surroundings are key to quality of life. At The Homestead at Montrose every resident is encouraged to create a personalized space with memories of people, places and things important to each resident's life story.
